SHOOTOUT

- Immediately after the final match on Sunday, the winning teams of each flight will compete in a gross, alternate shot shootout, hitting from #1 tee to the 18th green. All contestants will tee off on #1, pick the best ball, and then play alternate shot to finish the hole. We will continue to play this special hole until a team has won. If after three attempts there is still a tie, the tied teams will proceed to a designated area for a chip off. Both players will chip, and the closest to the pin will be the winner.
